Questions for reflection and discussion in Growth Groups:

1. How different is the love described here to that we see in the world? In media, Hollywood films and in the relationships around us?
2. How well do you know 1 Corinthians 13, especially the description of love? How easy is it too be so familiar with the love described here that we take it for granted and it ceases to make a difference to us. What can we do to prioritise
3. What happens when you get feelings of guilt and condemnation, failure or fear? How can God's protective love help you?
4. How can we become a more loving church? How can we love the church more- look for the good and not just the flaws and issues?
